

Poker Ace PTD has 8 preset tournament structures. Below is a description of each of the 8 structures.

Turn on the Poker Ace by pressing the "Play Button"

Press the "Play Button" Then use the Up Down buttons to select the tournament you wish to play.

#1 Poker Ace 1000 : This is a good starter tournament with add-ons and re-buys. Add-ons and re-buys allow for players who go out early to continue to play. Round time = 15 minutes, blinds start at 5 – 10

#2 Poker Ace 1000: This tournament is designed to go quicker than Tournament #1 and has antes instead of re-buys and add-ons. If you are going to have 2 tournaments in one night, this is a good option.

#3 Poker Ace 5000: This is a great tournament that gives players a lot of chips to start with and allows them a more gentle beginning with less pressure of play early. Round time = 30 minutes, blinds start at 10 - 20

#4 Accelerated 5000: As the tournament continues the blinds become shorter and shorter, speeding up the tournament towards the end. Round time = Starts at 40 minutes Changes to 30 minutes at round 3 changes to 20 minutes at round 6 changes to 15 minutes at round 10. Blinds start at 10 - 20

#5 10,000 Tournament: A great all day tournament or multi-day tournament for your big events. Round time = 20 minutes: blinds start at 25 - 50

#6 Poker Ace 200: This tournament is designed for people with lower chip denomination sets. Round time = 15 minutes blinds start at 1 - 2

#7 Sit and Go 1000: This is a typical single table Casino style tournament. Round time = 15 minutes blinds start at 25 - 50

#8 Heads up: This can be used either for a straight heads up tournament or as part of a larger, heads up single elimination bracket style tournament. Round time = 15 minutes blinds start at 5
- 10
